

Repeater Technical Specification

Technical Specification - KwêBeams Wireless Repeater Module

Dimensions:	60(H), 65(W), 40(D)
Average Power consumption:	35 uA
Power Supply:	2 X (2000 – 2700 mA/H AA alkaline batteries)
Battery life:	3 years with recommended batteries
Tilt detection:	30 degree Tilt detection. Sends Tamper message
Kwêbeam Radio:	2-Way wireless communication - 868 Mhz
Repeater Function:	Repeaters can be daisy chained for longer distance
Wireless Range:	350m Line of Sight
