

Tilt Repeater Plus Technical Specification

Technical Specification – KwêBeams Wireless Tilt Repeater	
Dimensions:	100(H), 62(W), 32(D)
Average Power consumption:	30 uA
Power Supply:	2 X (1600 mA/H CR123 lithium batteries)
Battery life:	6 years
Mounting Options:	Screw and cable tie mounting
Wireless Range:	1km Line of Sight
Kwêbeam Radio:	2-Way wireless communication - 868 Mhz
Repeater Function:	Repeaters can be daisy chained for longer distance
Accelerometer sensor:	Tilt and vibration detection with 8 sensitivity settings
Notifications:	Alarm and Trouble event notifications
